Urban Forestry Today Webcast Series

Seeing the Urban Forest for the Trees

Thursday, July 14, 2016 | 12:00-1:00 p.m. (ET)

Presenter: **David J. Nowak, Ph.D.**, US Forest Service.

From climate change, to an ever-expanding human population, to invasive pests, our urban centers are challenged. But trees can help! Join Dr. Nowak as he details the benefits that trees provide to society on a national (and global) scale, and how communicating this resource value is essential to improving urban forest management and community well-being.

To attend, visit **www.joinwebinar.com** and enter the ID code 123-644-723.

This broadcast is free and will offer the opportunity for arborists to earn 1.0 ISA CEU and 0.5 MCA credit.

i-Tree 2016 Webinars

Introducing i-Tree Landscape

Wednesday, July 20, 2016 | 1:00-2:00 p.m. (ET)

Learn about this new and innovative web-based tool in the i-Tree suite (www.itreetools.org). Join us for a comprehensive, web-based instructional series that will introduce the latest tools in the i-Tree software suite, as well as bring you up-to-date on the improvements that have been made to the i-Tree collection of inventory, analysis, and reporting tools for urban and community forests. i-Tree is a state-of-the-art, peer-reviewed software suite from the USDA Forest Service and its partners, which provides urban forestry analysis and benefits assessment tools.

Register for this free webinar here: **http://www.unri.org/itreeworkshops/**.
